

X-Force Eliminator instructions and game sheet

Assembly:

Follow the diagram below. The webbing with the two loops goes through the inner tube and connects to the main harness with the carabiner. Repeat on all corners matching colors. Put the orange cone in the center of the harness square, the colored balls and cones 10 feet to 12 feet away from each tube. **IMPORTANT:** The tubes should remain un-inflated, and make sure the tube stem is not near the player's body.

Playing the game:

- Match players by size, keep spectators away from playing area.
- Do not allow them to interfere with players or equipment.
- Be the first to grab the colored ball and place it on the orange center cone.
- Players cannot come out of the tubes to grab their colored ball.
- One player per inner tube.
- Keep games short and fast as they will tire quickly.

Variations:

Best 2 out of 3

Use rubber chickens/bass/pigs in place of colored balls.
